## Proficiency Test 2019-2

Laboratory Code: **«Lab\_code»**

Dear participants,

Enclosed you will find the report of the Proficiency Test 2019-2 on Drugs of Abuse in Hair, organized by the Society of Hair Testing.

Each of the participating laboratories received an identifying code. Your particular code is **«Lab\_code»**.

Sets of three samples were sent to sixty-eight participating laboratories. Sixty-four of them have sent the report forms back.

Sample contents were as follows:

- \* Sample A contained opiates (6-MAM, morphine and codeine), cocainics (cocaine, BE, norcocaine and cocaethylene) and cannabis (THC, CBD, CBN and THC-COOH). It also contained dihydrocodeine, amphetamine compounds (very low concentrations of amphetamine, methamphetamine and MDMA), methadone, tramadol and low concentrations of diazepam and nordazepam.
- \* Sample B contained opiates (6-MAM and low concentrations of morphine and codeine), cocainics (cocaine, BE and low concentrations of norcocaine and cocaethylene), amphetamine compounds (MDMA and low concentrations of amphetamine and methamphetamine), cannabis (THC, CBD, CBN and THC-COOH). It also contained dihydrocodeine and low concentrations of methadone, EDDP, tramadol, diazepam and nordazepam.
- \* Sample C is a drug free sample.

### **Z-score**

Z-score has been calculated based on robust estimators (median instead of mean and interquartile instead of standard deviation).

Z-score has been calculated as follows:

$$\text{Z-score} = (x - \chi) / \text{IQR}$$

Where:

x: Concentration reported by the participant

$\chi$ : Median concentration obtained from the participating laboratories

IQR: Interquartile range: It is calculated as: Q3-Q1 (the upper quartile minus the lower quartile)

Q3: Third quartile (percentile 75)

Q1: First quartile (percentile 25)

### **Decision criteria**

The following criteria have been adopted:

Satisfactory results: Z-score  $\leq \pm 2$

Questionable results:  $\pm 2 < \text{Z-score} \leq \pm 3$

Unsatisfactory results: Z-score  $\geq \pm 3$

Yours faithfully.
